About Me

Creative and detail-oriented UI/UX Researcher and Graphic Designer with a strong foundation in design principles and user-centered methodologies. Skilled in crafting intuitive user experiences and compelling visual designs, leveraging expertise in industry-standard tools and software. Passionate about integrating artificial intelligence (AI) into design workflows to create innovative, data-driven, and adaptive solutions.

Experience

Graphic Designer Intern

Tuffu Taffa Studios ([Experience Letter](#))

- Assisted in designing and creating marketing collateral, including brochures, posters, and social media graphics.
- Collaborated with senior designers to develop branding concepts and visual identities.
- Conducted research to ensure designs aligned with industry trends and client objectives.

Freelance Designer

- Delivered custom graphic design solutions, including logos, brochures, print media creatives and social media creatives.
- Utilized AI to enhance design productivity and generate innovative concepts.
